## National Service Scheme Unit 01 & 02

# Regular Activity: Campus Parking Lot, Backyard & Overhead Water Tank Sanitation Drive Report

**Date: 14-08-2025** **Venue: College Campus**

### Introduction

Maintaining peripheral and utility spaces—such as vehicle parking lots, secluded backyard perimeters, and drinking water storage tanks—is critical for overall campus hygiene, water safety, and vector prevention. As part of regular National Service Scheme (NSS) extension activities, a dedicated Shramadaan drive was undertaken focusing on sanitizing, clearing, and organizing these essential operational sectors of the college campus.

### Key Activities Undertaken

**1. Vehicle Parking Lot Cleaning & Demarcation:**

* Sweeping & Waste Removal: Volunteers thoroughly swept the vehicular transit sheds, clearing gravel, dried leaves, cigarette stubs, and discarded plastic paper wraps from two-wheeler and four-wheeler stands.

* Brush Cutting & Fence Clearing: Creepers, invasive weeds, and thorny wild vegetation choking the chain-link boundary fences around the parking area were stripped and cleared, expanding usable parking space.

* Organized Parking Line Management: Assisted in outlining parking boundary lanes and aligning vehicles systematically to ensure unhindered entry and exit for students and faculty.

**2. College Backyard (Rear Quadrangle) Clearing:**

* Clearing Overgrown Foliage & Hazardous Scrub: The backyard, being a low-traffic zone prone to overgrowth, was de-weeded. Dense Parthenium colonies, wild thickets, and decayed fallen timber were eliminated.

* Removal of Scrap & Pest Havens: Debris such as broken tiles, loose masonry stones, and unserviceable items were cleared and neatly consolidated, eliminating potential hideouts for rodents, reptiles, and stray pests.

* Ground Leveling: Low-lying soil depressions susceptible to stagnant water pooling during rains were filled and leveled to prevent muck buildup.

**3. Sanitation of Water Tank & Storage Surroundings:**

* Scrubbing Sump & Tank Perimeters: Algae deposits, moss accumulation, and slime around the concrete aprons of the overhead and surface drinking water storage tanks were scrubbed and thoroughly washed.

* Runoff Channeling to Greenery: Drainage channels connecting water cooler spillover points and tank overflow vents were cleared and diverted toward nearby garden patches and saplings, conserving runoff water.

* Disinfection & Pest Control: Bleaching powder and slaked lime were dusted along perimeter drainage outlets and wet corners to arrest mosquito larva proliferation and prevent microbial contamination.

* Inspection of Tank Integrity & Covers: Checked the airtight sealing of access hatches and manhole lids across all drinking water units to ensure foreign particles and insects do not enter water reservoirs.

**4. Public Signage Installation:**

* Mounted prominent advisory boards in these areas displaying slogans like "Save Every Drop of Water," "Maintain Parking Discipline," and "No Littering in Rear Grounds."

**Outcome & Impact**

The Shramadaan drive transformed previously cluttered and secluded zones into orderly, safe, and hygienic premises. The vehicular bays became fully navigable and structured, the backyard risks of pests were eliminated, and the integrity of the college water supply was preserved. The activity deepened environmental responsibility, sanitation vigilance, and collaborative dedication among the NSS volunteers.

## National Service Scheme Unit 01 & 02

# Regular Activity: Sports Ground, Indoor/Outdoor Stadium & Surroundings Maintenance Report

**Date: 13-09-2025** **Venue: College Campus**

### Introduction

A well-maintained sports infrastructure is essential for cultivating physical fitness, sporting spirit, and mental well-being among students. Under the banner of the National Service Scheme (NSS), a dedicated Shramadaan (voluntary service) drive was conducted to clean, level, and organize the college sports ground, indoor sports facilities, and their peripheral areas.

### Key Activities Undertaken

**1. Outdoor Ground Cleaning & Track Preparation:**

* Debris & Hazard Clearance: The running track, football pitch, cricket nets, and open courts were thoroughly scanned. Sharp stones, pebbles, glass splinters, and plastic waste that could cause sports injuries were cleared.

* Weeding & Surface Leveling: Invasive shrubs, thorny wild growth, and thick grass along court perimeters were uprooted. Small depressions and water-retaining pits across the field were filled with soil and leveled.

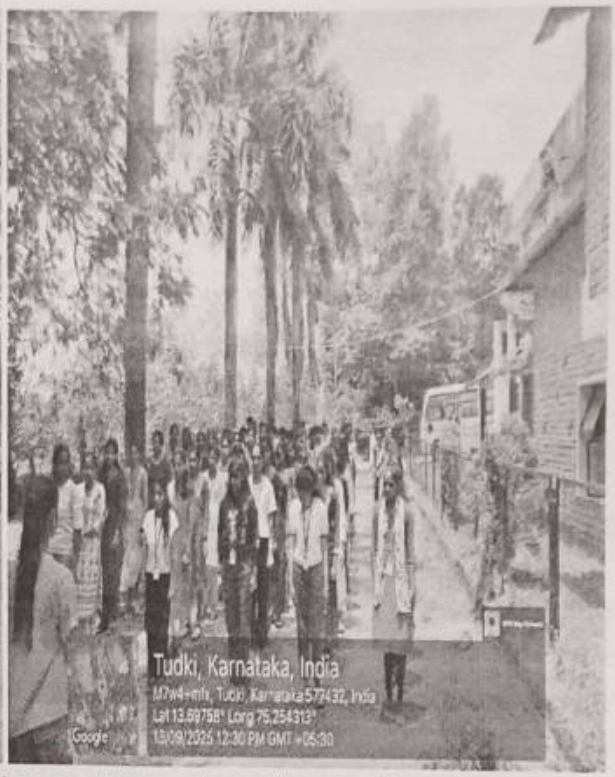

* Court Marking Assistance: Volunteers assisted the physical education department in measuring, pegging, and re-marking boundary lines with lime powder for volleyball, kabaddi, and track events.

**2. Indoor Stadium & Gymnasium Sanitation:**

* Equipment Dusting & Organization: Table tennis boards, carrom boards, chess tables, weight-training apparatus, and gym benches were sanitized and systematically arranged.

* Floor & Spectator Seating Maintenance: The indoor wooden/synthetic badminton courts were swept and dry-mopped. Cobwebs and dust accumulated along the ceiling beams and corner fixtures were cleared.

* Ventilation & Mesh Cleaning: High-level window meshes and ventilator grills were dusted to ensure proper illumination and fresh air circulation during indoor practice.

**3. Peripheral Grounds & Gallery Upkeep:**

* Spectator Stands Sweeping: Outdoor concrete steps, spectator galleries, and seating benches were scraped of moss, swept, and dusted to provide clean seating for student spectators.

* Peripheral Drain Unclogging: Perimeter runoff channels around the playground were cleared of silt, fallen leaves, and mulch to prevent water stagnation and slush formation during rains.

* Sports & Hygiene Signboards: Informational and motivational signage carrying messages such as "Keep Sports Grounds Plastic-Free," "Sports Build Character," and "Handle Sports Equipment with Care" was mounted around the sports pavilion.

**Outcome & Impact**

The Shramadaan drive revitalized both the indoor and outdoor athletic arenas into a clean, safe, and hazard-free environment for daily practice and college tournaments. The collaborative effort fostered physical vigor, discipline, and institutional ownership among the NSS volunteers. The Department of Physical Education and the college authorities commended the NSS unit for their proactive community service.

## World Mental Health Day Celebration – 2025

**Date: 13 October 2025**

The World Mental Health Day was observed in our college on 13.10.2025 through a collaborative effort of the National Service Scheme (NSS) Units I and II of the college, Jayachamarajendra Taluk Hospital, Thirthahalli, and the National Institute of Mental Health and Neuro Sciences (NIMHANS), Bengaluru.

The programme commenced with the presence of distinguished guests and dignitaries. The chief guest, Dr. Shivarama Aramballi, Professor and Head, Department of Psychiatry and Counselling, addressed the gathering. In his speech, he emphasized the importance of mental health for students in the present-day context and spoke about the need to preserve and protect mental well-being amidst academic and social pressures.

Dr. Nataraj K. S., District Health and Family Welfare Officer, Shivamogga, highlighted that mental health plays a crucial role in shaping students' futures. He explained that neglecting mental health could lead to serious challenges and complications in students' academic and personal lives.

The Principal of the college, Dr. Kumaraswamy, addressed the students and stated that maintaining mental health has become a major challenge for students today. He urged students to stay away from unhealthy habits, cultivate a positive and healthy environment, and responsibly shape their future during their student life.

Other dignitaries present on the dais included Dr. Aravind, Medical Officer, J.C. Hospital, Thirthahalli, and Dr. Ramesh, NSS Programme Officer of the college.

As part of the celebration, various competitions were organized for students to create awareness about mental health. These included: Essay Competition on the importance of mental health, Debate Competition on the topic "Mental illness: Myth or Reality?", Letter Writing Competition on the theme "A Letter to My Mind", Extempore Speech Competition. Many students actively participated in these competitions, and the winners were awarded prizes.

The programme concluded successfully with active student participation, spreading awareness about the importance of mental health and encouraging students to prioritize their mental well-being.

## 'Rashtriya Ekta Diwas' (National Unity Day) & Pledge-Taking Ceremony

**Date: 31 October 2025** **Venue: College Auditorium**

**Introduction**

In compliance with the directive and official communication from the Ministry of Home Affairs, Government of India (D.O. Letter No. 1-19034/09/2025-NI-II, dated 24 October), the birth anniversary of the Iron Man of India, Sardar Vallabhbhai Patel, was commemorated with deep reverence as **'Rashtriya Ekta Diwas' (National Unity Day)** on our college campus. To reaffirm commitment towards the nation's unity, integrity, and internal security, a formal pledge-taking ceremony was successfully organized.

**Event Highlights**

* Inauguration & Floral Tribute: The observance began with floral tributes offered to the portrait of Sardar Vallabhbhai Patel, reflecting on his towering leadership, resolute vision, and decisive actions that forged the unification of India and laid the cornerstone for "Ek Bharat, Shreshtha Bharat".

* Administration of the Unity Pledge: In accordance with the Ministry's advisory, Dr. Ramesha D., NSS Programme Officer, led the solemn gathering by administering the official Rashtriya Ekta Diwas Pledge.

* Pledge Taking: The Principal, all teaching and non-teaching faculty members, alongside student volunteers and NSS cadets, stood with raised right hands and solemnly recited the pledge in unison, affirming their shared dedication to safeguarding the nation's cohesion.

Official Rashtriya Ekta Diwas Pledge

The official pledge text administered and solemnly affirmed during the ceremony:
**"I solemnly pledge that I dedicate myself to preserve the unity, integrity and security of the nation and also strive hard to spread this message among my fellow countrymen. I take this pledge in the spirit of unification of my country which was made possible by the vision and actions of Sardar Vallabhbhai Patel. I also solemnly resolve to make my own contribution to ensure internal security of my country."**

**Conclusion**

Following the pledge, the Programme Officer emphasized the civic responsibility incumbent upon the youth to preserve communal harmony, democratic ethos, and the rich composite culture of India. The event effectively instilled patriotic fervour, fraternity, and active civic awareness among all participants, concluding formally with the rendition of the National Anthem.

## National Service Scheme Unit 01 & 02

## Regular Activity: Approach Road, Drainage & Main Gate Cleanliness Drive Report

**Date: 05-11-2025** **Venue: College Campus**

### Introduction

The approach road and entrance gate constitute the primary frontage and reflection of an academic institution. To enhance aesthetic cleanliness, road safety, and civic hygiene, a dedicated Shramadaan (voluntary service) drive was conducted under the National Service Scheme (NSS). The drive targeted the stretch from the main road to the college entrance gate, including roadsides, peripheral storm drains, and the gate forecourt.

### Key Activities Undertaken

**1. Roadside Clearing & De-Weeding:**

* Clearing Overgrown Foliage: Overgrown wild brush, thorny thickets, and harmful weeds like Parthenium lining both edges of the approach road were uprooted to widen sightlines and improve pedestrian safety.

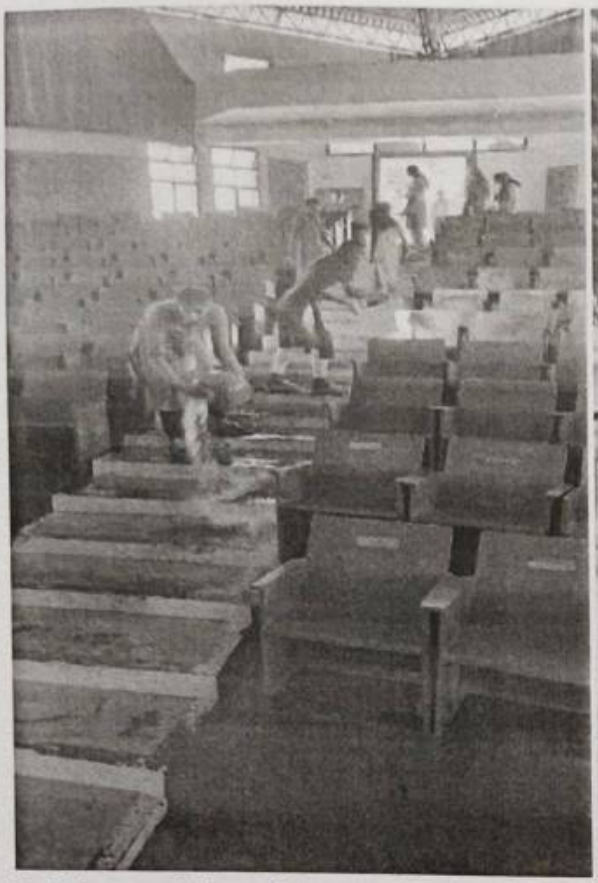

* Litter Picking: Discarded single-use plastics, plastic covers, water bottles, and roadside litter were systematically gathered and bagged for organized disposal.

* Leveling Walkways: Pathways alongside the tarmac were leveled and cleared of accumulated gravel, facilitating unobstructed walking space for commuters and students.

**2. Stormwater Drain Desilting:**

* Desilting & Unclogging: Roadside runoff channels and gutters clogged with silt, dried twigs, and plastic debris were cleared using spades and trenching tools.

* Facilitating Runoff & Vector Control: The natural slope of the drains was restored to eliminate stagnant puddles, thereby arresting mosquito breeding and dampening odors. Bleaching powder and lime were applied along the cleared channels.

**3. Upkeep of the College Main Entrance & Gate Forecourt:**

* Sweeping & Washing the Entrance: The expansive area immediately fronting the main entrance gate was thoroughly cleared of windblown leaves, loose dirt, and debris.

* Signboard & Pillar Restoration: The institutional arch, nameplate, and surrounding pillars were cleaned, dusted, and washed to ensure clear visibility.

* Poster & Defacement Removal: Unauthorized publicity posters, stickers, and notices affixed to exterior boundary walls and gate pillars were scraped off, restoring a neat appearance.

**4. Safety & Sanitation Signage:**

* Volunteers posted cautionary markers and environmental reminders at strategic spots along the road, reading "College Zone: Drive Slowly," "Keep Road Margins Clean," and "No Littering."

**Outcome & Impact**

The dedicated community service visibly transformed the college approach into a clean, safe, and welcoming corridor. Free-flowing drainage mitigated the risk of waterlogging, while the removal of scrub improved visibility and pedestrian safety. The activity reinforced a sense of community responsibility, civic maintenance, and teamwork among the NSS volunteers, drawing appreciation from local commuters and institutional authorities.

## Regular Activity: College Canteen & Campus Sanitation Drive Report

**Date: 10-01-2025** **Venue: College Campus**

**Introduction**

Under the aegis of the National Service Scheme (NSS), a specialized sanitation and hygiene drive was organized at the college canteen and its surrounding area. The primary objective was to promote public health, prevent food-borne contamination, eliminate breeding grounds for pests, and cultivate civic hygiene awareness among students.

**Key Activities Undertaken**

**1. Indoor Canteen & Dining Area Upkeep:**

* Sanitizing Dining Tables & Seating: Volunteers scrubbed and wiped down dining tables, counters, and chairs with eco-friendly disinfectant solutions to maintain food safety standards.

* Wash Basin & Floor Sanitation: Handwashing areas were descaled, sinks unblocked, and surrounding splash zones treated with bleaching powder to ensure germ-free conditions. The indoor floor was thoroughly swept and mopped.

* Cobweb Removal & Ventilation Cleaning: Ceiling corners, wall fans, and mesh vents were cleared of soot, dust, and cobwebs to maintain proper airflow.

**2. Surrounding Grounds & Drainage Maintenance:**

* Litter Picking & Waste Clearing: The periphery of the canteen was thoroughly inspected, collecting used food packaging, tea cups, paper napkins, and discarded leftovers.

* Drain Desilting & Disinfection: Grease-traps, waste-water outlets, and external drainage gullies were desilted of accumulated solids and leaves to prevent stagnation, foul odors, and mosquito breeding. Bleaching powder and lime were sprinkled along the channels.

* Waste Bin Segregation Setup: Separate color-coded dustbins were arranged and clearly marked for "Biodegradable/Food Waste" and "Non-Biodegradable/Dry Waste" to streamline routine waste segregation.

**3. Health & Hygiene Awareness:**

* Displaying Awareness Placards: Informational signboards carrying slogans like "Zero Food Waste Zone," "Wash Hands Before and After Meals," "Dispose of Plates in Bins," and "Say No to Single-Use Plastics" were mounted at prominent spots.

* Advocacy on Food Hygiene: Volunteers interacted with canteen staff regarding covering cooked meals and wearing aprons/hairnets, while also nudging students to return used utensils responsibly.

**Outcome & Impact**

The collaborative Shramadaan resulted in a noticeably cleaner, more hygienic, and aesthetically pleasing dining environment. The activity emphasized that institutional cleanliness is a shared responsibility, fostering healthy dietary etiquette and waste management habits among volunteers and patrons alike. The canteen staff and college administration commended the proactive efforts of the NSS team.

## Regular Activity: Library Maintenance & Cleanliness Drive Report

**Date: 24-01-2026** **Venue: College Campus**

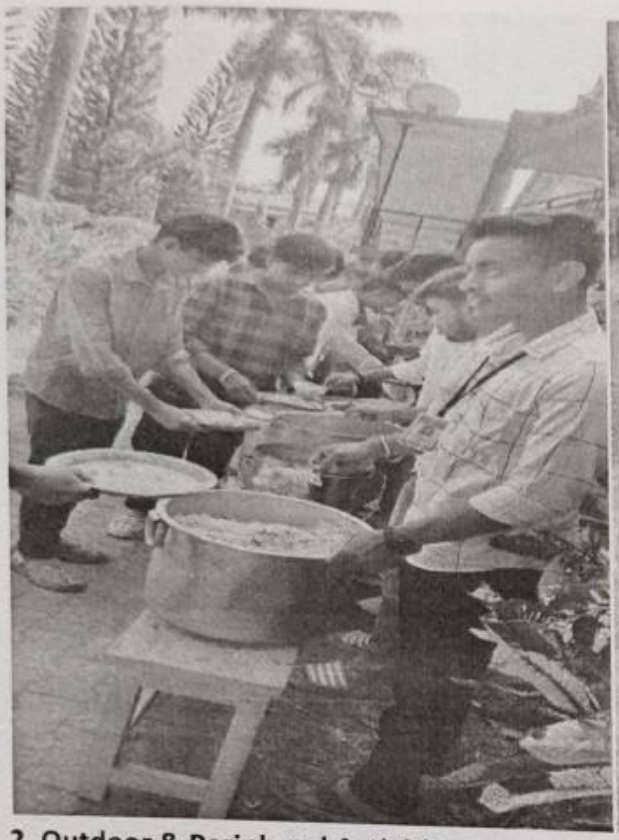

**Introduction**

As part of the regular activities under the National Service Scheme (NSS), a dedicated cleanliness and organization drive was organized at the college central library. The initiative aimed at maintaining a conducive learning atmosphere, preserving academic resources, and instilling responsibility and respect for shared public spaces among students.

**Key Activities Undertaken**

**1. Indoor Activities:**

* Dusting & Sanitization of Book Racks: Volunteers carefully removed dust from shelves, racks, and stacks using microfiber cloths and brushes, ensuring a hygienic and pest-free environment.
* Cataloging & Systematizing Books: Books that were misplaced were retrieved, segregated by category/subject (Science, Humanities, Commerce, Literature, etc.), and re-shelved in strict numerical/alphanumerical order.
* Mending Damaged Books: Volumes with loose pages, broken spines, or damaged book jackets were sorted and assisted with basic book restoration, taping, and binding preparation.
* Reading Hall Maintenance: Study tables, reader chairs, counters, and digital library/computer terminals were dusted, sanitized, and rearranged into a structured seating layout.
* Periodicals & Newspaper Archiving: Old daily newspapers were compiled chronologically for archives, and the latest journals and magazines were organized on display stands.

**2. Outdoor & Peripheral Activities:**

* Corridor & Entrance Sweeping: The entrance foyer, corridors, footwear racks, and front steps leading into the library were thoroughly swept and washed.

* Cleaning Windows & Grills: External window panes, window grilles, and mesh screens were dusted to clear cobwebs, ensuring maximum natural light and ventilation inside.

* Signage & Notice Board Renovation: Informational and disciplinary boards—such as "Maintain Absolute Silence," "Library Rules," and "Handle Books with Care"—were wiped, refreshed, and prominently placed.

* Peripheral Waste Clearing: Dry fallen leaves, paper trash, and surrounding clutter around the library block's exterior and backyard were cleared and sent for responsible composting/disposal.

Outcome & Impact

The dedicated effort transformed the library into a spotless, pleasant, and academically inviting environment for readers. The activity helped volunteers develop organizational discipline, respect for institutional infrastructure, and library etiquette. The college librarian and staff expressed sincere appreciation for the dedicated service of the NSS volunteers.

## RRC, YRC & National Service Scheme Unit 01 & 02

## AIDS Awareness Program, Street Rally and Voluntary Blood Donation Camp – 2025-26

**Date: Tuesday, 17-02-2026** **Organized by: RRC, YRC And NSS**

**Event Overview:**

On February 17, 2026, an extensive AIDS Awareness Program and Street Rally, a Voluntary Blood Donation Camp and Free Blood Group Testing session were organized to educate the youth and the general public. Around 300 students actively participated in this initiative.

**Key Highlights:**

**Inaugural Session**

The program was inaugurated by **Mr. Prabhakar Poojari**, Counselor at Taluk Jayachamarajendra Hospital, Thirthahalli, and delivered a lecture on the topic **"AIDS Awareness - A Social Responsibility."** He stated that AIDS is a global pandemic claiming human lives and emphasized that it spreads primarily through four specific modes. "Since there is no complete cure for AIDS, precaution is the best remedy. It is disheartening to see today's youth falling prey to this deadly disease due to a lack of awareness. Everyone must set aside hesitation and join hands to eradicate this menace," he urged.

**Dr. Nandakishore,** President of Rotary IMA Blood Bank, Thirthahalli, delivered a talk on **"Blood Donation as a Humanitarian Service."** explained how a single donation could save multiple lives and debunked myths regarding the health impacts of donating blood and he noted that a strong society can be built if the younger generation involves themselves in social services like voluntary blood donation during their student days. "One unit of blood can save another life. By overcoming hesitation and donating blood, students not only improve their own health but also contribute to building a healthy India," he added.

**Presidential Remarks:** Principal **Dr. R. Kumaraswamy**, remarked that units like NSS and Red Ribbon Club are instrumental in educating students about diseases like AIDS and encouraging them to serve the community. He stressed that students should share the knowledge they gain with the surrounding society.

**Awareness Rally and Blood donation camp**

Following the stage program, students conducted a massive street rally through the main roads of Thirthahalli town. Carrying informative banners and shouting slogans, they successfully drew public attention to the prevention of

HIV/AIDS. Later, a blood donation camp was held where free blood group testing was conducted, and 30 units of blood were collected. Participating students were provided with juice, fruits, and breakfast.

Participating students were provided with juice and breakfast. The program was supported by IQAC Coordinator Dr. M. Nagaraja, and Red Ribbon Club Coordinator Dr. Ramesh D.

Thank You All.

## National Service Scheme Unit 01 & 02

## Regular Activity: Shramadaan (Voluntary Service) Report

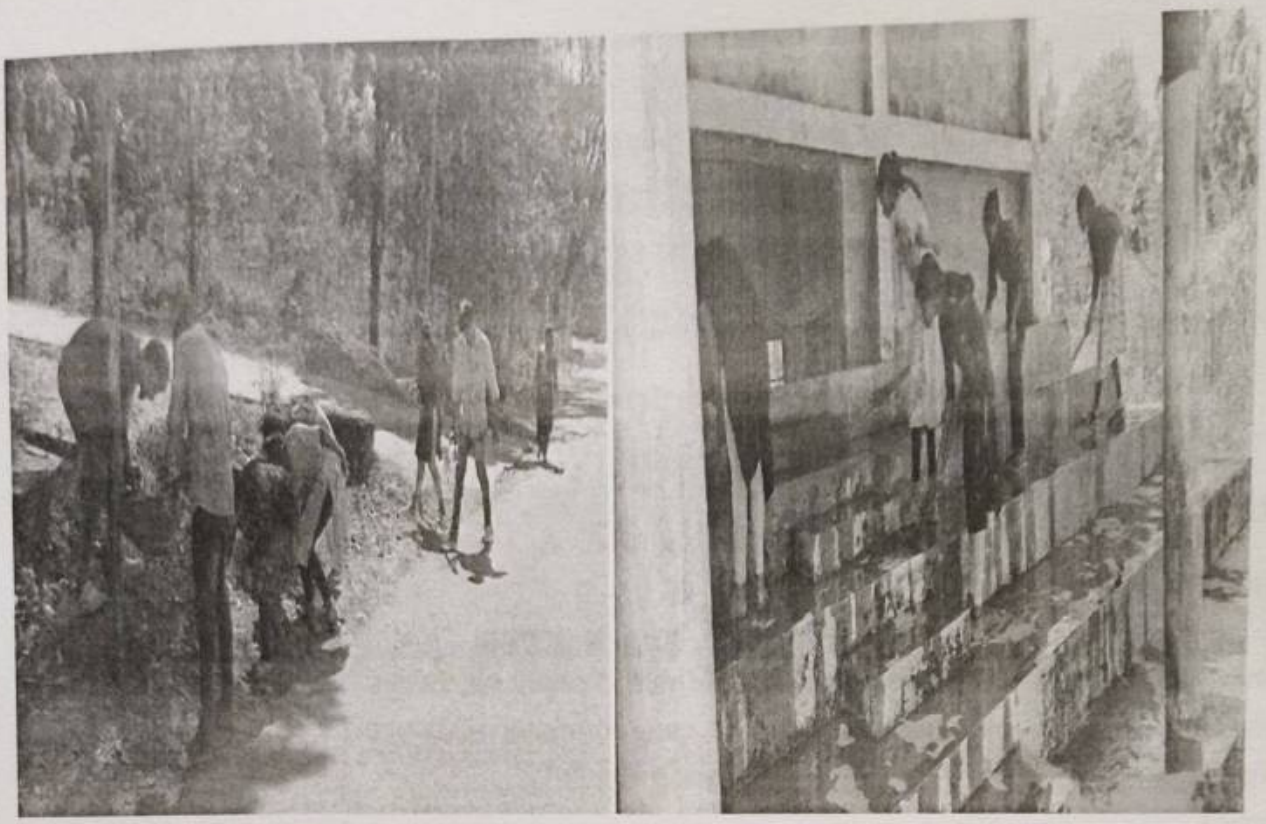

**Date: 20-03-2026** **Venue: College Campus**

**Introduction**

In alignment with the National Service Scheme motto, "Not Me, But You," a campus Shramadaan drive was organized as part of the NSS regular activities. The primary objective was to maintain campus cleanliness, promote environmental sustainability, and instill a sense of dignity of labor and social responsibility among students.

**Key Activities Undertaken**

* Campus Cleanliness & Plastic-Free Drive: Volunteers thoroughly swept the central quads and peripheral areas, collecting discarded plastic wrappers, bottles, paper scraps, and litter.
* Weeding & Clearing Thorny Bushes: Overgrown thorny shrubs, wild weeds, and dry foliage that posed safety hazards or hindered aesthetic upkeep were uprooted and cleared across the grounds.
* Plant Care & Soil Enrichment: Volunteers tended to the garden beds and campus saplings by loosening the topsoil, applying organic manure/fertilizer around the bases, shaping circular water basins (tree basins), and watering all plants thoroughly.
* Waste Segregation & Systematic Disposal: The collected waste was segregated at the source into wet (organic/biodegradable) and dry (non-biodegradable) categories. Organic waste was transferred to compost pits for natural decomposition, while recyclable dry waste was directed to designated municipal disposal pits.

* Clearing Stagnant Water Pockets: To prevent mosquito breeding and waterborne diseases, discarded containers, broken pots, and low-lying spots capable of collecting rainwater were inspected, drained, and leveled.

* Drainage & Pathway Maintenance: Walkways were cleared of encroaching grass and moss, and small rainwater drainage pathways were desalted and cleared of debris to ensure smooth runoff during rains.

* Awareness Signage Placement: Student-designed eco-friendly placards carrying messages such as "Keep Your Campus Clean," "Say No to Single-Use Plastic," and "Save Trees, Save Life" were displayed in prominent garden areas.

**Outcome & Impact**

The Shramadaan drive revitalized the college surroundings into a cleaner, healthier, and greener campus. Beyond physical improvements, the activity fostered civic discipline, hands-on environmental consciousness, and strong teamwork among the NSS volunteers. The drive concluded with a brief address by the Programme Officer, commending the participants for their active involvement and encouraging continuous stewardship of the institution's environment.

## Police Flag Day Celebration- 2025-26

**Date: 08-04-2026**

**Venue: Seminar Hall**

The Police Flag Day was observed at our college on 08th April 2026 to honor the dedicated service of the police force and their vital contributions to society.

The Chief Guest, Inspector Imran Baig from the Thirthahalli Police Station, addressed students on crucial aspects of drug abuse, the protections established by POCSO laws, the legal frameworks of the Juvenile Justice Act, and the specific implications of the Motor Vehicles Act.

Presidential remarks, the Principal, Dr. R. Kumaraswamy, highlighted the significant effort and community activities of the police force and urged students to cultivate a strong awareness of the law.
